## West Side Churches Will Unite in Revival Work

REV. CHARLES G. JORDAN.

At State Street Presbyterian church next Thursday evening, Jan. 21, will begin a series of revival meetings in which nearly all of the west side churches will participate. There is no question that these meetings will be very largely attended and it is hoped and expected great good will result. Rev. Charles G. Jordan, the evangelist who will be in charge of the services, is a prominent minister of the Presbyterian church. Although not yet 40 he has already made a remarkable record as a minister and has been what Dr. J. Wilbur Chapman calls "a phenomenal success." After graduating in regular course from one of the Presbyterian seminaries he took the first work offered him and turned a small Ohio church into a flourishing organization. The largest church in Ohio, at East Liverpool, was about this time casting about for a pastor and found in Dr. Jordan the man they sought for. He more than met their expectations. Under his ministrations the church flourished most wonderfully. An evangelistic preacher, proclaiming a positive gospel, he preached truth and made it tell. When he left this church the membership had increased to 1,500 and the attendance at Sunday school was about 1,400. Such a complex organization as this church presented under these circumstances speak for the skill, wisdom and power that Dr. Jordan displayed as pastor.

Believing that Dr. Jordan was fitted for even a wider work the general assembly committee requested him to enter evangelistic work for the church at large. At this call he gave up his guaranteed salary and his magnificent church to travel here and there as an evangelist. Since entering this field he has been a pronounced success. Where other men have failed he has triumphed. He is a scholar and a man. He is not one who denounces or

condemns, but who proclaims the gospel for the salvation of men. To lead the singing the meetings will be blessed with the services of Prof. Benjamin Franklin Butts. He is a man who is not without honor in his own country, for in his home town of Pittsburgh, his name is a very familiar one. He is a singer and a musician through and through. He sings, he plays, he preaches, he teaches, he composes, all in musical numbers. He has given up a fine position in order to co-operate with Dr. Jordan in evangelistic work. Professor Butts has been for years the leader of one of the largest chorus choirs in America, that of the Second church of Pittsburgh, Pa. It is a downtown church and last year, was offered a million dollars for the church site, but it was refused. Saturday and Sunday that church is busy. Side by side with the pastor of the church during the hot summer months he has held a large chorus together, visited the city parks in the evenings and attracted thousands under the influence of the gospel. He is an earnest

BENJAMIN F. BUTTS.

gospel worker as well as a soloist. Many of his hymns have found their way into hymnals of the church and their music is peculiarly soft and sweet.

In connection with these meetings there will be a large chorus of one hundred trained singers led by Professor Butts.

The churches which will co-operate in this revival movement are: The Baptist church, Rev. Mr. Marsh, pastor; the Congregational, Dr. Post, pastor; Westminster Presbyterian church, Dr. Brown, pastor; State Street Presbyterian church, Dr. A. B. Morey, pastor, and Portuguese Presbyterian church, Rev. R. F. Cressy, pastor.

A preparatory union meeting will be held Wednesday evening at the Baptist church and Thursday evening Dr. Jordan will begin his gospel work. The public are most cordially invited and will be gladly welcomed to these meetings.

### RAG TAG PARTY.

Saturday evening Mrs. George Hilberby had a rag tag party at her pleasant home on Sandusky street. It was a decidedly unique affair throughout, and many of the costumes manifested great ingenuity on the part of the wearers. There were cotton rags and linen rags, torn broadcloth and frayed cassimeres, coats out at the elbows and pants that had seen better days, dresses that were long since ready for the rag dealer, and cloaks that appeared like some antediluvian garments. The most distressed tramp would have turned green with envy could he have looked in on that gathering, for his worst rags would have been completely outdone so well was the costuming of the members of the party accomplished. Fine refreshments were of course a feature of the evening and everything passed off delightfully.

Fatal kidney and bladder troubles can always be prevented by the use of Eoley's Kidney Cure.

O. box 339, St. Louis, Mo. Send for testimonials. Sold by J. A. Obermeyer, City Drug Store.

### READ THIS.

Jacksonville, Ill., Aug. 4, 1901. For twelve years I have suffered from kidney troubles, and have spent hundreds of dollars with various doctors, with no result. I was recommended to try a bottle of Texas Wonder, and I feel compelled to say that it did me more good than all the other medicine I had ever taken. I have been cured of my kidney troubles, and I feel that I owe my recovery to the Texas Wonder. I have written this for the benefit of others who may be suffering from the same troubles. JOHN B. DAVIS.

## EARLY DAYS IN ILLINOIS

Although Illinois, whose grassy plains have been styled the Eden of the new world, contains the oldest permanent settlements in the valley of the Mississippi and has become one of the first states in the union, her history has been to some extent neglected. One of the most comprehensive histories ever written was that resulting from the joint labors of Alexander Davidson and Bernard Stuve and published in 1874. Few copies of this valuable work are now extant and paragraphs from its pages relative to early days in Illinois will appear in the Journal from time to time.

Among the ladies of Illinois at the close of the last and the beginning of the present century, presenting such marked characteristics as to leave their impress upon the period of their existence was the well known Mrs. Le Compt. She was born in 1794, of French parents, on the eastern shore of Lake Michigan, at the old station on the St. Joseph. This was the country of the warlike Pottawatonic tribe of Indians. She early became proficient in the dialect of the Indians and gained a deep insight into their character. By her knowledge of the Indian language, and a thorough appreciation of his character she acquired a wonderful influence over the tribes with which she was brought in contact. It is said that such was the infatuated friendship of the savages for her that they would invariably advise her in advance of a meditated attack upon a village. Thus she was often able to avert a massacre. Mrs. Le Compt lived a hardy and frugal life, but her person was attractive and her manner winning. She lived to the extreme age of 109, dying in 1843 at Cahokia.

Mrs. John Edgar, the center of fashion for remote Illinois in the olden time, presided for many years with equal grace and dignity over her husband's splendid mansion at Kaskaskia, the abode of hospitality and resort of the elite for near half a century. It was in the spacious and elegant furnished parlors of this house that LaFayette on his visit to Illinois in 1825 was sumptuously entertained by a banquet and ball. Mrs. Edgar's name merits high rank on the scroll of revolutionary heroines. By birth, education, sympathy, she

was American, but her husband, John Edgar, was an officer in the British navy, fighting against the colonies in their struggle for liberty and independence. By her talent, shrewdness and above all her patriotic devotion to her country, she won over not only the heart of her husband to the American cause, but was the projector of many plans by which soldiers in the British army were induced to quit and join the ranks of the patriots. Edgar county perpetuates the family name.

Mrs. Robert Morrison was a rare acquisition to the society of Kaskaskia. Reared and educated in the Monumental City, she, in 1805, accompanied her brother, Colonel Donaldson, to St. Louis, in the far-off wilds of the west, whither he was sent as a commissioner to investigate the land titles. But the west became her permanent home. She was married the following year to Robert Morrison, of Kaskaskia, which place became her residence. Well educated, sprightly and energetic, her mind was gifted with originality and romance. Her pen was seldom idle. She wrote poetry with ready facility and her writings possessed a high degree of merit. Her contribution to the scientific publications of W. Walsh, of Philadelphia, and other periodicals of the time, both in verse and prose, were much admired. Nor did the political questions of the day escape her ready pen. The discussions of these topics in the newspapers attracted the attention of all politicians of the state. A feat of much ingenuity was her work of remodeling and converting into verse the Psalms of David. Mrs. Morrison lived to an advanced age and died at Belleville in 1843.

### Water's Service in Fertilizing.

The mechanical effect of plowing in green crops is not in the plant food they add to the soil so much as in the mechanical effect the vegetable matter has upon the soil, making it more porous and enabling it to retain more moisture and hold it longer. All of our richest virgin soils are made so by the successive growths of grass or other plants that have been incorporated with the soil annually for long periods of time. Our bottom lands are more fertile than any other. They have been fed by annual crops of forest leaves and fallen timber and also by repeated freshets that leave, as often as they occur, a thin stratum of sediment rich in both mineral and vegetable substances that help plants to grow. Vegetable matter, being specifically light, readily rides on floating water, and when this water flows over the level expanse and evaporates or soaks into the soil the mineral plant food held in solution and the vegetable matter combined with the water are left to enrich the land for future generations of farmers. Water is the great vehicle of fertilizing elements.—Farm and Ranch.

### Government Collects and Sells Eggs.

In connection with the system of government creameries the Canadian department of agriculture has adopted the plan of collecting eggs from the farmers of the territories and holding them in storage. It worked well the first season and has improved ever since. The plan adopted is as follows: Each creamery patron has a number. He is required to mark his number in pencil on all the eggs he supplies. No driver will accept the eggs without the number being on. These eggs are sent from the creamery in refrigerator cars with the butter to the storage at Calgary, where the eggs are examined and classified by an expert. The department advances 45 cents per dozen on the eggs at the time they are received, and later the farmer gets the remainder according to the classification. This year the average price to the farmer will be about 20 cents per dozen for the season, or fully double what could have been obtained locally.

### Oats as a Feed.

Some one objects to my classing of dried brewers' grains as equal to oats as a horse feed. I merely quoted from the New Jersey experiment station and would add that my limited experience would indicate that such is a fact. While some chemists claim that oats contain a stimulating principle that acts on the motor nerves, others have failed to find any such principle or compound and deny its existence. So while the doctors disagree we can do no better than use our experience and best judgment in the matter. Oats are a splendid horse or dairy cow feed, but when not to be had or to be had only at a prohibitive price, we should try to use a good substitute if possible. In a good substitute if possible.

### A MOCK CIRCUS AT I. W. C.

Coming! Specialties from abroad! was the heading of an extremely interesting poster which appeared in chapel one day last week. When it became known that the "great and only show on earth" was to make its appearance in the college gymnasium on Saturday evening, Jan. 16, of course everyone became more than anxious to go. On that eventful night the crowds began collecting at 7:30 o'clock in order to see the baby show before 8 o'clock, when the great show began.

The grand march was a feature of great interest and amusement, for in it were the fat lady, the thin lady, the pet pony, the snake charmer, the Albino, the Turk, the ferocious brown bear, and all the other animals. The wonderful Jacque brothers, the Italian acrobats, were first introduced by the ringmaster, then the bareback riders, the Julian sisters, and the Pera brothers, who performed upon the rings. Madame Patti came from Europe to sing for us, Miss Julia Marlowe read a selection from Romeo and Juliet, and Miss Jacobson, the brilliant virtuoso, played beautifully upon her violin. The pet pony added much to the delight of the entertainment by docility and her well performed trick. The clown was especially appreciated by the audience which was continually in a roar of laughter at their comical pranks and ridiculous appearance.

At last when all the peanuts, popcorn and candy was exhausted, the grand Ben Hur chariot race was announced as the closing number, and after the excitement of the race, all departed certainly voting this circus the best in every way that had ever showed in America.

### "EVERYMAN" AT THE WOMAN'S COLLEGE.

There are rumors in the college of an unusual and difficult undertaking in the entertainment line. Despite limited time for such work and the cramped stage of the college chapel, not to mention other difficulties, the senior English class believe themselves able in the near future to offer their friends a creditable presentation of the much talked of old morality play, "Everyman." The young women have become intensely interested in the development of the English drama, and they are very enthusiastic over "Everyman." The plan for giving this play was made some weeks ago, but the class was not able at that time to

make any announcement. Friends are asked to watch for further particulars. Everybody should see "Everyman."

### DON'T WORRY.

This is easier said than done, yet it may be of some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough Remedy and use it judiciously and all cause for worry as to the outcome will quickly disappear. There is no danger of pneumonia when it is used. For sale by all druggists.

## PUPILS GAVE SOCIAL

The high school pupils gave a box social in the high school building Saturday night. The hall was tastefully decorated with flags and bunting, representing the high school colors. A large number of pupils and friends were present and spent an enjoyable evening. Those in charge of the supper were Miss Schmidt, Miss Carrie Dunlap, Lester Morley and Bessie Wood. All the boxes were sold early in the evening. At the fancy work booth a nice line of calendars, pillow covers and pennants were displayed and nearly all were sold. Misses Elizabeth DeLew, Hazel Brown and Edith Adams were in charge.

The candy booth secured a lively trade and was capably managed by Misses Ruth Fairbank, Marie Leck and Louise Smith.

The proceeds are to be devoted to the Athletic association and a neat sum was realized for the treasury. The pupils deserve credit for their work and loyalty for the school.

This was one of the most successful events of the kind in the history of the school. Another feature was the fortune telling tent. Miss Carrie Dunlap, Mademoiselle Fouchan, was the fortune telling lady, and gave satisfaction to everyone.

## THE WOMAN'S CLUB.

Officers for the Ensuing Year were Elected Saturday.

At the adjourned session of the annual meeting of the Women's club reports of officers and chairmen of committees for the club year were heard. The election of officers resulted as follows:

President—Mrs. David Reid.

First vice president—Miss Olive Austin.

Second vice president—Mrs. Weir Elliott.

Recording secretary—Mrs. Edward Lang.

Corresponding secretary—Miss Laura White.

Treasurer—Mrs. Albert Rankin.

The following resolutions were adopted:

Again, within the space of a few short weeks, we are called upon to mourn the death of one of our club members. Mrs. James E. Rawlings passed from this life Dec. 28th, after long months of pain and suffering.

Mrs. Rawlings had been a member of the Woman's club since the second year of its existence, and though never one of its most active workers, her quiet influence and faithful loyalty will be missed by all who knew her.

As a cloud of the sunset, slow melting in heaven,

As a star that is lost when the daylight is given,

As a glad dream of slumber which wakens in bliss,

She has passed to the world of the holy, from this.

As a tribute to her, and as an expression of our sorrow, let these words be spread upon the minutes, and given space in the press report.

Lillian Irland Danskin, Clara Gordon Havenhill, Committee.

## IF YOU WOULD KEEP COOL

GET YOUR ICE OF BART LETT & SNYDER

And if You Would Keep Warm You Can Get Coal at the Same Place.

July 1, 1896, the firm of Bartlett & Snyder began business in this city under favorable auspices, and they have continued to grow ever since. The began in a modest manner, and endeavored to build up a trade by adhering strictly to business principles and affording all their patrons the best goods for a reasonable sum. Heat and cold are both necessary in their places, for without them we couldn't live. In the summer we must cool our receptacles for food and drink, and in the winter warm our homes, and to accomplish this ice and coal are indispensable. Messrs. Bartlett & Snyder have given their especial attention to securing for the citizens of Jacksonville and vicinity an article of congealed moisture which is excellent in all respects, and what the people want. They are independent of the caprices of the winter weather, for they have two artificial plants, the one at their office on North Main street, and the McDougall plant in the east part of the city. In addition they have the ice privileges of Morgan lake and a large ice house adjacent, and this winter they stored it full of the sparkling blocks which are so acceptable in the warm summer days, and that with their artificial manufacturing facilities will insure them a full supply of ice for the coming season. They have wagons which call at all parts of the city, courteous drivers, and do all in their power to serve well and promptly all who are in need of anything in their line. They handle a good article of coal and can supply either coolness or heat as may be desired.

## Something About Our Elite Reading Club

We have over 200 titles of latest fiction to select from, all in the best bindings. From 1 to 5 copies each, more will be added if necessary.

All books are nice clean fresh stock, up to date and we will keep them thus by adding new books as issued and replacing soiled copies.

Our 2c a day system works like a charm, bringing books back quickly, thus saving our members money over any other plan, and at the same time preventing tedious waiting for the book you want.

We will show you that many members are reading \$1.50 books for two cents, that it has never cost any member more than 8c to read any book, and that the average cost has not exceeded 4c per book.

Membership does not cost you anything, your membership fee of \$1 is refunded to you in cash when you desire to withdraw your membership. We only ask that you take out as many as 10 books before you withdraw, otherwise you receive the \$1.00 in merchandise.

Our members are pleased with our plan, and tell their friends about it. Our aim is to satisfy our members, not to see how many members we can get, but how well we can satisfy those we do have.

## It is This Way

You deposit \$1.00 with us as a guarantee that you will return the books you take out. We issue you a membership card; you take out any book at any time; return the book and pay us two cents a day for the days you have had the book. You pay only for the time you have a book out. After you have taken out ten or more books you may withdraw your membership if you desire and we will give you back in cash the \$1.00 you deposited. That is surely fair, and you will be well pleased if you take a membership.

Beginning with the seniors and sophomores, and the juniors on Wednesday evening, merry parties have gone out every afternoon and every class has taken advantage of the opportunity of a class sleigh ride.

Arrangements have been made for the day of prayer for colleges, which occur Thursday, Jan. 22. The day will be observed as usual, beginning with corridor prayer meetings and class prayer meetings in the morning and a sermon at 10:30 and an evangelistic meeting in the afternoon. The sermon will be preached by Dr. M. L. Curl, pastor of the Dr. Fry Memorial church, Clifton Heights, St. Louis. **CONSERVATORY NOTES.**  
The Conservatory is constantly enrolling new students. In the vocal department especially there has been a decided increase.

Professor Strum has been honored recently by receiving a doctor's diploma from the University of New York, which was conferred upon him for merit in composition.

The rehearsal last Monday evening of the College Choral club was more satisfactory. The chorus is doing very good work and all interested in choral singing should take advantage of this excellent training which it affords.

**EDITOR'S RECOMMENDATION.**

Mr. H. J. Keeler, publisher of the Press, Maiden Rock, Wis., writes: "Allow me to say that I have recently used a bottle of Hart's Honey and Horehound and found it a valuable remedy for a cold or cough. I have personally recommended it in several cases and hear a good word from all. When our readers need a reliable medicine for Colds, Coughs, Croup and Whooping Cough there is no other so satisfactory as Hart's Honey and Horehound. Large bottles, 25c; 5c and 1c. Sold by J. A. Obermeyer, City Drug Store."

The many friends of G. H. Hansen, engineer on the L. E. & W. R. R., at present living in Lima, Ohio, will be pleased to know of his recovery from threatened kidney disease. He writes: "I was cured by using Foley's Kidney Cure, which I recommend to all, especially trainmen who are usually similarly afflicted." Sold by J. A. Obermeyer, City Drug Store.

## HON. H. MASON

**MEMBER OF HOUSE OF REPRESENTATIVES AT JACKSONVILLE, FLA.**

**Cured of a Dangerous Cough and Affected Lungs by Vinol.**

**Letter Published by Request of Mr. L. P. Allcott.**

To the Editor of the Journal: We have received a letter from the Hon. H. Mason, of Jacksonville, Fla., which we hope you will publish for the benefit of everybody in this city. We also send you a photograph of Mr. Mason, which please print with the article if you have space. Yours very truly,  
Lee P. Allcott.

The letter Mr. Allcott refers to reads as follows:  
"Dear Sir—A couple of months ago I contracted a severe cold, which it seemed impossible to cure. It settled on my lungs, causing a hard cough, which kept me awake nights and soon weakened my system so that I was unable to attend to my duties. Vinol, that delicious tasting cod liver oil preparation, was recommended to me by a friend who had used it with wonderful results. I purchased a couple of bottles of our local druggist, Mr. Conover, and began to take it. The second

night after I only had one coughing spell and within a week I was not coughing during the night. Naturally my progress was fast after this and my lungs healed rapidly, my strength returned and I gained in flesh and health. In fact, this wonderful preparation restored me to a perfect condition and I now feel better and younger than I have for years. I certainly think it is a wonderful remedy to cure coughs, colds, sore lungs and build up an out-of-balance system.

"H. Mason."  
We are glad to publish the letter for Mr. Allcott, as it is not only interesting, but thoroughly proves that all his claims for the wonderful curative powers of his Vinol are fully substantiated by unquestionable testimony. We hope that many sick and ailing people in this city may be benefited by the information.—(Editor.)

**WEATHER WAS FINE.**  
Saturday was a delightful day and a great many took advantage of the condition of the weather and roads to visit the city. For some hours in the afternoon the north side of the square was almost blockaded and pedestrians had to elbow their way through the crowd. Business seemed to be fairly good, though there was not a great volume of trade.

**BETTER THAN A PLASTER.**  
A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side or chest. Pain Balm has no superior as a liniment for the relief of deep seated, muscular and rheumatic pains. For sale by all druggists.

**FAITH AND FACT.**  
Faith is one thing and fact is another. It sometimes takes any amount of faith to produce one fact. Years of earnest work and faith have produced one fact about medicine that is deserving of mention here. If people who are troubled with general weakness through overwork, dissipation or exposure can get a remedy that will make rich red blood from the food they eat, their return to health is assured. Good blood is the life of the body as well as the nerves. Weak, sickly, pale people who suffer with indigestion, dyspepsia, sick head aches, loss of strength and ambition, have dizzy spells and always tired, can be cured sound and well with Dr. Gamble's Blood and Nerve Tonic. Sold by druggists for 75c per box, or three boxes for \$2. This tonic acts in a common sense way, curing disease by giving strength to resist it. Lee P. Allcott, druggist.

**HOUSEHOLD CARES**  
**Tax the Women of Jacksonville the Same as Elsewhere.**  
Hard to attend to household duties with a constant aching back. A woman should not have a bad back. And she wouldn't if the kidneys were well. Doan's Kidney Pills make well kidneys.

Mrs. M. Griffin, of 1135 East south street, says: "For two or three years I was subject to heavy aching pains through my loins and kidneys, frequent headaches and spells of dizziness. I could not rest comfortable and in the morning when first getting up I felt really worse than when I went to bed. The kidney secretions were irregular and deposited a heavy brick dust sediment. I was advised to get Doan's Kidney Pills at Dr. H. Lee Hatch's drug store and did so. Used them and in a short time I was thoroughly relieved. For sale by all dealers. Price 50 cents a box. Foster-McMurray Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute."

## PHELPS &amp; OSBORNE

THE POPULAR LOW PRICE MAKERS.

Twenty-Second Annual Sale

## HOUSEKEEPING LINENS

Begins Monday Morning, January 18th, 1904, and continues during the week.

Our January Sales increase in importance every year—it would be unnatural if it were otherwise. Every experience and every achievement make it possible to go further. What was considered well nigh perfection last year has been found to be but one of the milestones along the way. The past twelve months' thoughtful work in the light of the experience of former years could only surpass previous efforts. Progress in merchandising means better assortments, better materials, better designs, larger operations and more attractive prices. It is no idle claim that these have been embodied in our January sales preparations.

Only undisputed merit could induce the ever increasing popularity of these sales.

The Great Annual Linen Sale of 1904 extends to the public unprecedented and heretofore unheard-of opportunities for the purchase of Table Linens, Towels, Towelings, Table Cloths, Matched Sets and Napkins. As rapid, immense gains have been made in each year's sales, so the purchases for each succeeding year have been larger and the price concessions greater and still greater, until this year, this sale more emphatically than ever before offers the maximum of quality at the very lowest unequaled price.

IN TABLE LINENS, to the most successful of last season's patterns great numbers of new and original designs have been added, affording a range such as will enable all to choose to their greatest satisfaction. \$5,000 worth of new linens to choose from. See our wonderfully low cut prices for this sale.

This week Congressman Caldwell informed the citizens that the remonstrance had been recognized by the government department and the mail wagon is running as of yore. The rural mail routes, but the service was not withdrawn were to be given one of the new routes, and there is much rejoicing that the old regime is to remain.

MATHENY & LLOYD.

(By Associated Press.)

Chicago, Jan. 16.—Wheat—Ruled strong on active demand from shorts, while domestic news in the main was apparently bearish, the war situation abroad still threatening. It is this fact that started covering by shorts, as it is considered possible that war may be declared before trading is resumed Monday. The opening was quiet, May at 37 1/2 and 37 1/2. Coarse grains were showing considerable strength and this fact induced buying early. May rose to 47 1/2. The market receded, however, on profits taking, influenced to some degree by reports of moisture in California. Later advices stating damage to winter wheat crop by drought in southwest becoming more general caused another buying movement from shorts. Offerings were so light that before demands were satisfied May was hoisted to 38 1/2. The market closed strong, May 1/2c higher, Liverpool unchanged to 1/4c lower. On the coast five boat loads were taken.

Corn—Excited and trade at times assumed large proportions. There was well defined effort on the part of those houses which were buying of the market to take advance prices, but enormous selling at times retarded upward tendency. Selling was chiefly by longs, as possibility of war deterred traders from taking the short side. Domestic situation was bullish, receipts small, trading poor. May closed 1/4c better, Liverpool unchanged.

Oats—Resumption of bull tactics by the leading long caused strong market. Trading was greatly excited at times. Advance met with opposition from houses which have been conspicuous on the short side and also free realizing sales. While all gain was lost the close was firm, May unchanged.

Flour—Demand fair, market firm. Winter patents, \$4.10; 4.30; straight, \$3.90; 4.10; spring patents, \$4.00; 4.30; straight, \$3.50; 3.80; bakers, \$2.35; 3.30.

LIVESTOCK.

Cattle—To day's receipts of 200 were disposed of at low prices, being mostly poor in quality. Full fed cattle closed as high in price as a week ago, but short fed mediums and common steers have declined 10c from last week's best time. Good to prime, \$5.10; 5.25; poor to medium, \$3.50; 4.75; stockers, \$2.00; 4.15; cows, \$1.50; 4.00.

Hogs—Receipts, 23,000. There was active and strong trade, prices a shade higher for lighter grade and well up to yesterday's prices for good to choice, making average quality a shade higher than Friday. Late arrivals, however, dragged at the lower end, most buyers having cut the market. Mixed and butchers, \$4.75; 5.00; good to choice heavy, \$4.50; 5.05; rough heavy, \$4.70; 4.95; light, \$4.50; 4.85; bulk of sales, \$4.70; 4.95.

Sheep—Receipts, 2,000. Trade slow, nearly all receipts being of contract stock for export. Sheep, \$3.00; 4.50; lambs, \$4.25; 6.15. Comparative receipts of livestock for this week and last week:

CHANGE IN  
MANAGEMENT

**Dunlap House Passes From the Hands of Captain Smith—New Proprietors are Messrs. Lott and McCall of Michigan.**

The Dunlap house, one of the best known hotels in central Illinois, has passed from the hands of "Mine Host" Captain Alex. Smith and the new proprietors, Messrs. P. S. Lott and A. C. McCall, of Flint, Mich., assumed the management of the house Saturday at midnight.

For several weeks it has been understood that a change in the proprietorship was contemplated, but the actual transfer was not made until Saturday afternoon, when the papers were signed. This well known establishment has enjoyed an enviable reputation among the traveling public for over a quarter of a century, and the high standard that has ever characterized its management has won for it a name and list of patrons that has made the property one of the best paying investments in Illinois. It has ever been conducted along broad and generous lines, and the comfort and convenience of guests has been a motto never lost sight of. With an eye single to this purpose Captain and Mrs. Smith have succeeded admirably in pleasing the traveling public. The news of their retirement from the management of the hotel will be received by many with sincere regret, but it is a source of pleasure to be able to state that this city will continue to be their home. They own a handsome residence property on West State street, but their connection with the hotel has forced them to spend a great deal of time away from it, and they will now be able to enjoy a pleasure that for a long time has been denied them. Captain Smith enjoys quite a reputation as a traveler, and it is quite likely that he and Mrs. Smith will spend a great deal of their time in rest and recreation. The gentlemen who will succeed Captain Smith in the management of the hotel are men of well known ability and experience, and come to Jacksonville with the idea of increasing the usefulness and comfort of the house, and making it even more popular than ever with the traveling public and local citizens. Their lease provides for many interior changes, and in fact the hotel is to be entirely remodeled from top to bottom. The work of repapering and painting the hotel has been going on for several weeks. Four rooms have already been fitted up with private baths and before this work is completed the number of rooms thus provided will be twelve or fifteen.

On the office floor, one of the most important changes will be the removal of the present bar and the space it now occupies will be converted into a Turkish room, which will no doubt prove a popular feature with guests. The bar will be removed to the present billiard room and the two will be run in conjunction with one another. Especial attention will be given to the table, and this department of the hotel it will be the purpose of the new proprietors to have entirely satisfactory. Messrs. Lott and McCall are both agreeable gentlemen of pleasing address. They have the happy faculty of meeting people easily and cordially, and they will no doubt find their hospitality reciprocated here as it has been elsewhere. Mr. Lott is a man who has been in the hotel business for twenty-five years, and the signal success that has attended his efforts is indicative of future success. His home has been in Flint, Mich., where he was associated in the management of the Bryant hotel. His family will continue to reside in Flint for the present, but his son, Karl Lott, a young gentleman of enterprise and push, who has been here for several days, will remain to assist in the management of the hotel, and as he has had considerable experience in this line of business his services will prove valuable.

Mr. McCall, who has also been a resident of Flint, Mich., will take up his residence here at once, and Mrs. McCall will arrive in the city soon. He has ever occupied an influential position in his community, and was quite actively identified with the political life of his home county and state. He was at one time sheriff of his county, and has held other offices of trust and confidence. He is a man of considerable means, and his genial manner will make him an invaluable associate in the management of the hotel.

The friends of Major John A. Vickery and John Rule, who are legion, will learn with pleasure that they are to be continued in their respective positions as day and night clerks. It is the fortune of but few hotels to have such popular and affable gentlemen behind the desk. Major Vickery has served the hotel in the capacity of clerk since 1880, and through his faithful service he has contributed in no small degree to its success. Careful and painstaking he ever anticipates the wants of patrons, and he not only enjoys a wide acquaintance, but a close friendship with most of the regular patrons of the hotel.

sonal popularity is attested in the same substantial manner. It is certainly hoped that Messrs. Lott and McCall will find their coming to this city profitable and pleasant, and that their efforts to maintain the same high standard of the past will meet with increasing favor.
